

MiniMobile™

The MiniMobile™ is the ideal, low cost, high efficiency mobile system. If you've got the application for a MobileTrak® System, but think you don't have the budget for it, think again. The MiniMobile™ offers the features you want at a price that works for you.

- Light weight carriages are easy to move by hand.
- Simple carriages don't require a handle to move them.
- Equip the system with any of Datum's shelving lines.
- Store virtually anything on a budget.
- Suitable for most any application, from athletic storage, to tech equipment, files, archival boxes, retail and more.
